The following questions are not intended to be critical or judgmental. The answers will help us in placing a Border Terrier with you. It may even help us and you to realize that a Border Terrier is not the right breed for you. When we place a dog in a new home we want the placement to be a happy situation for you and your family as well as the dog. We also want the placement to be a permanent placement for the life of the dog (Border Terriers can live 13-18 years). Please answer all of the questions before submitting the form. There are no wrong answers so please answer honestly.
